

SMOKING IN FRONT OF UNIT AGREEMENT

Please see the current Policy and Procedures document, which outlines:

- Out of consideration for children residing in the front of unit bedrooms, there shall be no smoking in the common or shared property in front of the units (carports or apron parking)
 - Permission may be granted pursuing an application to the BoD, as the BoD will then determine if the applying unit's two immediate neighbours (one neighbour for end units) are willing to sign a form documenting their permission for the smoking to occur. This form will remain on file with the BoD
 - This permission must be revisited if any of the units involved has new members/residents move in, or has transferred to a different unit
 - This permission will automatically be denied if any of the units (applying unit or neighbouring units) have children or youths (age 18 or under) residing in the unit
